Why choose KAO?

Kanata Academy Online is a unique Canadian Online High School and Elementary School. We offer an unprecedented amount of support to our students. We believe to be successful at online learning, they key is the amount of communication and one to one contact a student has with their teachers.

Our students are allowed up to 10 on demand live lessons with their subject area teacher, have 24 hours a day, 7 days a week access to a live online tutor, receive communication from their teachers daily, are sent individualized video lessons and feedback and teachers are able to differentiate lessons to suit their learning style and needs.

Students can earn a Canadian high school diploma online and have all the benefits and perks of a domestic student; including, but not limited to using the same online University Application system as Canadian students.
Features of Kanata Academy's Partnership High School

Students attend an Ontario school from a campus in their home country

Students that study at a Kanata Academy partner school are offered all of the same benefits of an Ontario, Canada student. Upon graduation, students earn the world renowned and globally recognized Ontario Secondary School Diploma (O.S.S.D.).

Globally recognized Curriculum Excellence

The O.S.S.D. has consistently ranked as one of the top 5 programs worldwide. Students learn essential academic skills that they require to succeed in higher education and beyond.

Blending Learning

Kanata Academy Blended Learning High School is an alternative solution for students to earn their Ontario High School Diploma in a supportive and differentiated learning environment. It is a school for educators who have a passion for teaching, technology, and offering students differentiated opportunities to be engaged in learning. Kanata Academy offers 21st Century learners the skills they will need to be active contributors to their community and to be successful in their post-secondary pursuits.

Differentiating all aspects of education to release students' full potential

We provide differentiated programming for each of our partner institutions to suit their education needs. We train our partner school teachers to deliver differentiated instruction to service their students and meet their learning styles and needs.

Greater access to the leading universities in the world

Engaging, Differentiated Learning for Today’s Students

At Kanata Academy we strive to provide all students with a differentiated and personalized learning environment. We strongly believe that providing students with opportunities to engage in areas of personal interest and differentiating curriculum to meet their learning styles ensures success and a love of lifelong learning. We integrate many interactive programs to make the online experience for students engaging and authentic. We use Labster for our senior Science, Mathspace and Gizmos for Interactive Math and Science Activities, Virtual Labs, XpressLab for FSL and ESL courses and a multitude of other cutting edge Edtech tools to ensure students are successful and enjoy school.

Kanata Academy digital learning platform features multimedia content, interactive learning activities, diverse assessments, and learning management functions that bring traditional classrooms into the digital era.

O.S.S.D.

Kanata Academy’s curriculum is built upon the internationally acclaimed Ontario Secondary School Diploma curriculum which features the strong foundation of Growing Success; Evaluation and Assessment Policy, which provides a strong foundation, differentiated program, assessment and evaluation.

Foundation of Instructional Excellence

The quality of the curriculum and unique delivery model is the foundation of Kanata Academy’s ability to deliver a high quality academic experience. Teachers are provided with multiple resources to springboard their Instruction. For instance, detailed lesson plans are provided with varied Instructional strategies for teachers to adapt to their various contexts.

Kanata Academy also provides differentiated resources at various levels for teachers to adapt to the students learning styles and abilities. Extension and group activities are also provided to enhance the blended learning model combining individualized instruction with opportunities to collaborate and build social and interpersonal skills in classrooms.
Kanata Academy Online Elementary School is recognized as an Ontario Ministry of Education private school offering high quality online courses using the Ontario curriculum. We welcome students living anywhere in the world to take courses with us. Students and their family will find that KAO is an excellent alternative or supplement to traditional schooling.

Parents and Schools can enrol students and use our online courses to build their own unique learning experience. Use course(s) as a sole source for learning or as a supplement to the traditional classroom education.

Students can complete the course with a certified teacher online or as a program into their home school in any country around the world. Courses can be completed the entirely online or in a blended learning environment in a partner school. Access course content 24 hours a day, 365 days a year.

At KAO, we strive to create an online learning experience that is engaging and motivating. Our team seeks to bridge the gap between the online learner and high quality course content that is designed and developed by certified experts in education. We use technology to ignite students’ passion for learning, through creative, interactive, and engaging course material that is both interesting and relevant to their future studies.
Credit Courses

The Ontario Secondary School Diploma is a diploma granted to secondary school graduates in the Canadian province of Ontario. It is part of the province-wide school system. It is awarded to all students who complete the Ontario education curriculum whether in Canada or overseas.

The academic credit system applies to students from Grades 9 through 12. Our courses meet the needs, interests and strengths of all students; engaging them in learning and better preparing them for graduation and beyond.

We offer 150 credit courses and different focus programs to suit many different pathways. A Guidance counselor will help all students pick their courses and also grant equivalency credits when relevant.

Focus Programs

Additionally, KAO offers unique High School Focus Programs which allows students to focus on areas of interest. Our Focus Programs allows students to focus their learning on a special economic sector while meeting the requirements to graduate from secondary school. It also assists in their transition after graduation to apprenticeship training, college, university or the workplace.

Focus Programs:

1. Business
2. Computer Science
3. Health & Wellness
KAO PROVIDES ACCESS TO TOP UNIVERSITIES

Graduates of our program receive the world renowned recognized and admired Ontario Secondary School Diploma. This enables students to apply to world universities with six Grade 12 university preparation courses which fit their personal interest and future career choices.

**CANADA**

Apply to universities in Canada as a local Ontario high school student. Kanata Academy Online students can apply through the 101 Application process (Ontario University Application Center). This privileged status grants much higher acceptance rates in competitive university programs.

**UK / AUSTRALIA**

Apply to universities with six Grade 12 university-level courses to meet all academic requirements. A-Level tests or pre-programs are not required. OSSD students enjoy advantages in the admission process due to program similarities and the smaller number of OSSD applicants.

**UNITED STATES**

Highly recognized curriculum and GPA to help students stand out in applications. Apply to universities with six Grade 12 university-level courses. The SAT is not required for many of the universities in the U.S.

**Hongkong / Singapore**

The requirement for IELTS/TOEFL scores is waived for OSSD students if they achieve more than 80% in the Grade 12 English course. Apply to universities with six Grade 12 university level courses to meet all academic requirements.
